

THE NEXT LEVEL

IN USABILITY

This compact model of the ARIETTA™ Ultrasound System series provides easy operation for beginners and experts. Its large 21.5 inch monitor and intuitive, user-friendly operability will bring you to the "Next Level".

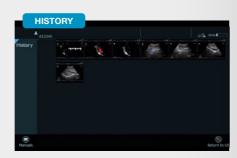

Simplified Operating Console Clean keyboard design, offering an easy and pleasant user

experience.

User-friendly Interface

The simple user interface features intuitive navigation and system operability.

Patient history

The system offers an easy retrieval of previously applied patient settings, invaluable for follow-up comparisons and repetitive examinations.

Silky Image Processing (SIP)

This adaptive image filter has further evolved to reduce speckles and boost edge enhancement, generating clearer images for easier interpretation.

Auto Optimizer

Images can be adjusted with a single keystroke: B-mode gain, baseline position and velocity range of the Doppler waveform are all optimized.

AFTER GAIN

Carefree Workflow

21.5 inch = 54.61 cm**Widescreen Monitor**

This high contrast LCD monitor with a wide field of view displays images with high sensitivity and resolution, reducing patientdependent image variability.

Palm Rest

The operating console allows for easy height adjustment and rotation to boost a comfortable user experience.

Clear **Imaging**

Easy-to-use **Touch Screen Panel**

The touch screen panel is mounted at a comfortable and convenient angle. The screen's layout is customizable by clinical application, allowing for intuitive operation.

Gel Warmer (optional)

The gel warmer is conveniently inclined for easy access.

Clean

Battery (optional)

The battery operation allows the system to be moved to a different location without powering it down, so that operation can be resumed immediately.

Image Gallery

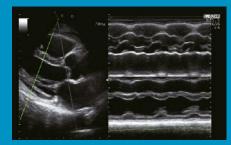

High quality imaging across a broad clinical range that includes abdominal, cardiac, and vascular applications.

eFLOW

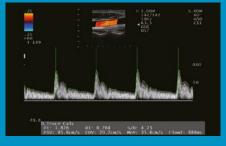

Real-time Dual Imaging (Colour flow and B mode)

Free Angular M-mode (FAM)*

Trapezoidal Scanning

Doppler Auto Trace

Automated IMT Measurement*
